Three Philosophical Poets George Santayana,1910 **Three Philosophical Poets** George Santayana,2012-04-16 I am no specialist in the study of Lucretius I am not a Dante scholar nor a Goethe scholar My excuse for writing about them notwithstanding is merely the human excuse which every new poet has for writing about the spring They have attracted me they have moved me to reflection they have revealed to me certain aspects of nature and of philosophy which I am prompted by mere sincerity to express if anybody seems interested or willing to listen The modesty exhibited in the above disclaimer from Santayana s preface to *Three Philosophical Poets* should be viewed in the context of the author s extraordinary impact as a philosopher and teacher *The Sense of Beauty* has claim to being the first major work on aesthetics written in the United States the multivolume *The Life of Reason* is arguably the first extended analysis of pragmatism anywhere Among Santayana s many well known Harvard students Wallace Stevens has acknowledged a clear debt to his work Based on a course Santayana taught at Harvard *Three Philosophical Poets* was first delivered to the public as a series of lectures at Columbia University in 1910 Santayana s lifelong learned meditation on the relationship between philosophy and art is apparent Santayana s own prose style has long been considered among the most eloquent in all of philosophy Here he discusses the chief phases of European philosophy naturalism supernaturalism and romanticism as they are set forth and epitomized by the works of Lucretius Dante and Goethe respectively Praise for *Three Philosophical Poets* and its author A brilliant and admirable little book T S Eliot The exquisite and memorable way in which he has always said things has given so much delight that we accept what he says as we accept our own civilization His pages are part of the *douceur de vivre* Wallace Stevens Santayana was the real excitement for me at Harvard especially *Three Philosophical Poets* It really fixed my view of what poetry should ultimately be Conrad Aiken *Three Philosophical Poets* George Santayana,1935 **Three**

Three Philosophical Poets George Santayana, 2017-06-19 Skip again some five hundred years and there is another change of scene The Teutonic races that had previously conquered Europe have begun to dominate and understand themselves They have become Protestants or protesters against the Roman world An infinite fountain of life seems to be unlocked within their bosom They turn successively to the Bible to learning to patriotism to industry for new objects to love and fresh worlds to conquer but they have too much vitality or too little maturity to rest in any of these things A demon drives them on and this demon divine and immortal in its apparent waywardness is their inmost self It is their insatiable will their radical courage Nay though this be a hard saying to the uninitiated their will is the creator of all those objects by which it is sometimes amused and sometimes baffled but never tamed Their will summons all opportunities and dangers out of nothing to feed its appetite for action and in that ideal function lies their sole reality Once attained things are transcended Like the episodes of a spent dream they are to be smiled at and forgotten the spirit that feigned and discarded them remains always strong and undefiled it aches for new conquests over new fictions This is romanticism *Three Philosophical Poets* George Santayana, 2014-03 This is a reproduction of a book published before 1923 This book may have occasional imperfections such as missing or blurred pages poor pictures errant marks etc that were either part of the original artifact or were introduced by the scanning process We believe this work is culturally important and despite the imperfections have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide We appreciate your understanding of the imperfections in the preservation process and hope you enjoy this valuable book *Three Philosophical Poets* George Santayana, 2015-07-11 song suffusing all with poetic beauty if haply by such means I might keep

thy mind intent upon my verses until thine eye fathoms the whole structure of nature and the fixed form that makes it beautiful 2 Here I think we have the solution to our doubt The reasonings and investigations of philosophy are arduous and if poetry is to be linked with them it can be artificially only and with a bad grace But the vision of philosophy is sublime The order it reveals in the world is something beautiful tragic sympathetic to the mind Three Philosophical Poets George Santayana,1910 *Vol. 1.
