Thrust from the Hand of God Jason S. Litz, 2015 *The Oxford Handbook of Martin Luther's Theology* Robert Kolb, Irene Dingel, Lubomír Batka, 2014-04-24 As celebrations of the five hundredth anniversary of Martin Luther's initiation of the most dramatic reform movement in the history of Christianity approach 47 essays by historians and theologians from 15 countries provide insight into the background and context the content and the impact of his way of thought Nineteenth century Chinese educational reformers twentieth century African and Indian social reformers German philosophers and Christians of many traditions on every continent have found in Luther's writings stimulation and provocation for addressing modern problems This volume offers studies of the late medieval intellectual milieu in which his thought was formed the hermeneutical principles that guided his reading and application of the Bible the content of his formulations of Christian teaching on specific topics his social and ethic thought the ways in which his contemporaries both supporters and opponents helped shape his ideas the role of specific genre in developing his positions on issues of the day and the influences he has exercised in the past and continues to exercise today in various parts of the world and the Christian church Authors synthesize the scholarly debates and analysis of Luther's thinking and point to future areas of research and exploration of his thought **The Enoch-Metatron Tradition** Andrei A. Orlov, 2005 Andrei A Orlov examines the tradition about the seventh antediluvian patriarch Enoch tracing its development from its roots in the Mesopotamian lore to the Second Temple apocalyptic texts and later rabbinic and Hekhalot materials where Enoch is often identified as the supreme angel Metatron The first part of the book explores the imagery of the celestial roles and titles of the seventh antediluvian hero in Mesopotamian Enochic and Hekhalot materials The analysis of the celestial roles and titles shows that the transition from the figure of patriarch Enoch to the figure of angel Metatron occurred already in the Second Temple Enochic materials namely in 2 Slavonic Enoch a Jewish work traditionally dated to the first century CE The second part of the book demonstrates that mediatorial polemics with the traditions of the exalted patriarchs and prophets played an important role in facilitating the transition from Enoch to Metatron in the Second Temple period Thrust from the Hand of God Jason Litz, 2014-09-25 One selfless act one naive decision so innocent in the making so condemning in effect how foolish John had been not to expect trouble to follow Murder or self defense what did it matter One man was dead and another wanted revenge Having grown up with a silver spoon in his mouth John is a young man who sets out on an adventure of self discovery His confidence is on the rise until a single failure in judgment sends him fleeing for his life Wanted for murder John's flight carries him throughout a nation broken by war and stitched together by the transcontinental railroad Along the way he encounters an array of colorful characters Friend or enemy mentor or tormentor each will have a profound impact on John and his fate Hounded by a mercenary posse John must remain a step ahead to survive while waiting for a resolution he fears will never come
