Ticket To Shadowland:

Ticket to Shadowland Timothy Craig, 2011-09-25 When a beautiful woman appears at his office door in December 1941 San Francisco detective Tom Hale doesn't believe her story. But the woman is strangled within hours of meeting Hale and he plunges into a rat race of murder and espionage. Hassled by the police, Naval Intelligence and the FBI, Hale must track down a shadowy killer who is always one step ahead, leaving corpses in his wake. Thus begins a deadly case just days before the attack on Pearl Harbor. Hale discovers the connection to it all, one that ties the deaths and disappearances to the suspicious demise of Hector Bywater, a British journalist and spy during World War I and one of the world's most renowned naval war strategists. Fortunately, Bywater left behind clues to the colossal secret he'd learned about Japan's ultimate weapon, code named Dragon's Gate. Now racing to trap the killer, Hale knows time is running out because he's become the final target.

Shadowlands Meike Wulf, 2016-01-01 Located within the forgotten half of Europe, historically trapped between Germany and Russia, Estonia has been profoundly shaped by the violent conflicts and shifting political fortunes of the last century. This innovative study traces the tangled interaction of Estonian historical memory and national identity in a sweeping analysis extending from the Great War to the present day. At its heart is the enduring anguish of World War Two and the subsequent half century of Soviet rule. *Shadowlands* tells this story by foregrounding the experiences of the country's intellectuals who were instrumental in sustaining Estonian historical memory but who until fairly recently could not openly grapple with their nation's complex, difficult past.

Everlasting Alyson Noël, 2011-06-07 Their epic love story has captured the hearts of millions and enchanted readers across the world. *Everlasting* is the beautiful finale to Alyson Noël's bestselling *Immortals* series in which their journey draws to a spectacular conclusion where all will be revealed. Their darkest enemies now defeated, Damen and Ever are free to embark upon their final quest to free Damen from the poison lingering in his body. If they can just find the antidote, they'll finally be able to feel each other's touch and experience the passionate night they've been longing for. But their fight to be together will lead them into the most formidable terrain yet: into the dark heart of Summerland. Here, in a land of scorched earth and endless rain, Ever and Damen will discover their relationship's hidden origins, expose a secret history they never imagined, and come face to face with the true reason fate keeps tearing them apart. Only then, when the final mystery is unraveled and the last secret revealed, Ever and Damen's future will hinge on one ultimate decision that will put everything at stake, even eternity.

The Shadow Land Elizabeth Kostova, 2017 Kostova's new novel is a tale of immense scope that delves into the horrors of a century and traverses the culture and landscape of this mysterious country. Suspenseful and beautifully written, it explores the power of stories, the pull of the past, and the hope and meaning that can sometimes be found in the aftermath of loss. Praise for Elizabeth Kostova's *The Historian*: Quite extraordinary. Kostova is a natural storyteller. She has refashioned the vampire myth into a compelling contemporary novel, a late night page-turner. *San Francisco Chronicle*. Hypnotic, a thrill ride through history. *The Denver Post*. Part thriller, part

history part romance Kostova has a keen sense of storytelling and she has a marvelous story to tell Baltimore Sun Kostova's vampire is no campy Lugosi knockoff

Shadowlands Mark E. Prior, 2014-05-29 Two tours of Afghanistan have left Matt Graydon 28 shattered by battle Now he must return home to his family's farm to care for his estranged mother Shirley who is fighting her own war of early onset Alzheimer's Yet while the struggle with their demons threatens to unravel them both Matt and Shirley come to discover each other in a way they never could have imagined A commanding and emotionally volatile novel of war fear and love Shadowlands is an enthralling and touching exploration of a man and his mother's battle with their enemies both known and unknown Unpredictable and explosive it is ultimately a story of strength and forgiveness A lovely and haunting story that bridges time and generations in a way that at times can feel almost religious Douglas Coupland

The Shadowlands of Conduct Beth A. Rosenson, 2005-03-29 Although the linking of ethics and politics may seem more like the ingredients for a comedian's monologue it is a sober issue and one that affects every American especially when it comes to state politics where the cynical might say ethics can never survive To find examples of the latest corruption du jour all one has to do is turn to the newspaper or switch on the local newscast think Illinois and New Jersey Scandals have been ubiquitous since the beginning of the Republic but it wasn't until 1954 that ethical self regulation began to move legislatively beyond bribery statutes to address deeper issues those which in New York Governor Thomas Dewey's words skulked in the shadowlands of conduct Rosenson begins her exploration with that moment when New York became the first state to enact a general ethics law setting standards and guidelines for behavior Unforgiving and illuminating she examines the many laws that have been enacted since and the reasons that many of these laws came into being It is crucial to the functioning of a democratic government to understand how and why ethics laws vary across legislatures and it is surprising to discover that many states have become far more stringent than the U S Congress in laws and regulations Using both qualitative historical sources and rigorous statistical analysis Rosenson examines when and why from 1954 to the present legislators have enacted ethics laws that seem to threaten their own well being Among the economic political and institutional factors considered that have helped or hindered the passage of these laws the most consistent was pure scandal abetted by the media To have good government one must be able to trust it and this book can help all citizens understand and find their way out of the shadowlands into the light

Shadowlands Robert Foot, 2002 In a revolutionary new theory Dr Robert Foot of the University of Melbourne argues that meteorites composed of mirror matter could impact with the Earth without leaving any ordinary fragments Indeed the theory seems to provide a simple explanation for the puzzling Tunguska event the blast which destroyed a huge area of Siberian forest in 1908 While scientists have attributed this explosion to an ordinary meteorite no traces of such an object have ever been found Moreover there are frequent smaller such events occurring on a

yearly basis which are even more puzzling Foot's new book lays clear the scientific case for mirror matter. It describes the fascinating evidence for its existence including astronomical observations suggesting that most of our galaxy is made from a new form of matter, dark matter. It explains puzzling Jupiter-sized planets only a few million miles from their host star and the mysterious slowing down of spacecraft in our solar system. Remarkably, it is also possible that Pluto might even be a mirror world which would explain various anomalous features of its orbit. Perhaps the most important consequence of all this, if true, is the possibility of actually extracting the mirror matter from the Tunguska impact site and other such sites on earth. Invisible asteroids and other cosmic bodies made of a new form of matter may pose a threat to Earth, agrees a noted Australian physicist. But the mirror matter idea has not attracted a huge following among physicists. In a recent UPI article, Howard Georgi of Harvard University says Foot's ideas have not attracted a huge following in the community that cares about these things, perhaps because the problems they solve, while interesting, are not the most critical puzzles that we are wrestling with. Nevertheless, mirror matter, if it exists, would be a completely new type of material with a potentially huge commercial value. Its scientific value would be of no less importance. FROM THE BACK COVER: Nearly 50 years ago, it was discovered that the fundamental particles such as the electron and proton have left-handed interactions; they do not respect mirror symmetry. This experimental fact motivates the idea that a set of mirror particles exist. The left-handedness of the ordinary particles can then be balanced by the right-handedness of the mirror particles. In this way, mirror reflection symmetry can exist but requires something profoundly new. It requires the existence of a completely new form of matter called mirror matter. Remarkably, the mirror matter theory is capable of simply explaining a large number of contemporary puzzles in astrophysics and particle physics. The evidence ranges from observations suggesting that most of the matter in the Universe is invisible to unexpected properties of ghostly particles called neutrinos. This book explains this fascinating theory and its evidence at a level accessible to the non-specialist.

Shadowlands Anthony McCann, 2019-07-02 Los Angeles Times Bestseller. An epic exploration of the 2016 right-wing Oregon Occupation, an excellent microcosm by which we might better understand our difficult national history and distressing political moment. Maggie Nelson. In 2016, a group of armed, divinely inspired right-wing protestors led by Ammon Bundy occupied the Malheur National Wildlife Refuge in the high desert of eastern Oregon. Encamped in the shadowlands of the republic, insisting that the Federal government had no right to own public land, the occupiers were seen by a divided country as either dangerous extremists dressed up as cowboys or as heroes insisting on restoring the rule of the Constitution. From the Occupation's beginnings to the trials of the occupiers in federal court in downtown Portland and their tumultuous aftermaths, *Shadowlands* is the resonant, multifaceted story of one of the most dramatic flashpoints in the year that gave us Donald Trump. Sharing the expansive stage with the occupiers are a host of others: Native American tribal leaders, public lands ranchers, militia members, environmentalists, federal defense attorneys, and Black Lives Matter activists, each contending

in their different ways with the meaning of the American promise of Liberty Gathering into its vortex the realities of social media technology history religion race and the environment this piercing work by Anthony McCann offers us a combination of beautiful writing and high stakes analysis of our current cultural and political moment Shadowlands is a clarifying exhilarating story of a nation facing an uncertain future and a murky past in a time of great collective reckoning **Hello, Shadowlands** Patrick Winn,2018-06-07 Reads like a thriller you can't put down Megha Rajagopalan China Bureau Chief BuzzFeed News ensures you'll never think about Southeast Asia in the same way ever again Geographical Magazine Essential to understanding Southeast Asia in the 21st century Hello Shadowlands reveals a booming underworld of organised crime across a region in flux a 100 billion trade that deals in narcotics animals and people and the staggering human toll that is being steadily ignored by the West From Myanmar's anarchic hills to the swamplands of Vietnam jihadis are being pitted against brothel workers pet thieves against vigilantes and meth barons against Christian vice squads Hello Shadowlands takes a deep plunge into crime rings both large and small It also examines how China's rise and America's decline is creating new opportunities for transnational syndicates to thrive Focusing on human stories on both sides of this crime wave the acclaimed Bangkok based broadcaster and journalist Patrick Winn intimately profiles the men and women of the region who are forced to make agonizing choices in the absence of law Suffering Well and Suffering With Aimee
