Twenty-five letters to a working man of Sunderland on the laws of work John Ruskin, 1867 Tide of Change Hossca Harrison, 2007-09-29 Why the NBC Today Show Seattle Times Denver Post Boulder Camera Longmont Times Time magazine and many others find this man's story to be astounding Hossca Harrison in his own words writes this book is not about phenomena although phenomena are part of the story This book tells about an emotional journey between life and death that begins in Central America and ends in England It encompasses my journey through two near death experiences over an eleven year period This book is not about death although death is part of the story Nor is this book about healing although healing is a part of the story My life may seem full of pain and suffering Quite the contrary it has been filled with experiences beyond the conscious conception of many I have had the opportunity to experience life beyond the dreams many people hold My life's story is not for the causal reader This story is for those who know there is much more to life than meets the eye My journey involves experiencing life beyond traditional beliefs beyond traditional ways of thinking creating and healing If someone had come to me in December of 1981 and forewarned me that before December ended my life would end and begin again that I would give up everything I thought to be true including my business my home and my way of life I would not have believed it possible I could not believe it My mind was very much entrenched in the illusions we make for ourselves in this reality My mind could not have dealt with the future I was about to embark upon Thankfully no one told me what my future held If someone had and I had believed it I would have hidden under the biggest rock I could find **Against the Tide** Jane Meiring, 2009-11 Women in the Second Anglo Boer War demonstrated great heroism Theirs is a remarkable history derived from diaries and letters written during their incarceration in concentration camps *Against the Tide* illustrates the fortitude of the brave Dutch women and children in their struggle against impossible circumstances in the attempt to save their country from the stronger forces of the British usurper Not many today are aware that the British government established concentration camps to imprison innocent civilians nearly forty years before Germany did so Their intention was to cause a quick surrender by such

intimidation However the imprisoned Dutch women watching their children dying in these camps developed a deep animosity toward their aggressors and contrary to expectations it only spurred the women on to more defiance that then strengthened the men s resolve to keep fighting Among the few British sympathizers Emily Hobhouse a tenacious justice seeking English woman spearheaded a major public awareness of the untenable conditions in the camps She defied her own government in a risky plan to help ease the suffering of the captive women and children in South Africa The Boer women demonstrated many acts of bravery including daring espionage and actually fighting alongside their men against overwhelming enemy forces And after the war was lost they played an active role in forging a new language and a new Afrikaner nation from the embers of that tragedy
