examines the rise and resurgence of contemporary forms of American exceptionalism as they have emerged out of contentious debates over cultural pluralism and multicultural diversity in the past two decades For a brief time serious considerations of the force of multiculturalism entered into a variety of philosophical and policy debates But in the American context these debates often led to a reaffirmation of some variant of American exceptionalism with the consequent exorcism of race within the avowed norms and policy goals of American politics Fong explores how this multicultural exorcism revitalizing American exceptionalism is not simply a novel feature of our contemporary political moment but is instead a recurrent dynamic across the history of American political discourse By situating contemporary discourse on cultural pluralism within the larger frame of American history this book yields insight into the production of hegemonic forms of American exceptionalism and how race continues to haunt the contours of American national identity **C# 10 and .NET 6**

the main role as the first streaming series to win the Golden Globe for Best Television Series and as in the words of journalist Debra Nussbaum Cohen the Jewiest show ever No television show in history has depicted the lives of American Jews with as much attention to Jewish rituals quirks or culture And no series has portrayed issues of gender and sexuality alongside Judaism with such nuance and depth making Transparent a landmark series in the history of television Blessings beyond the Binary brings together leading scholars to analyze and offer commentary on what scholar Josh Lambert calls the most important work of Jewish culture of the century so far The book explores the show s depiction of Jewish life religion and history as well as Transparent s scandals and criticisms and how it fits into and diverges from today s transgender and queer politics The first book to focus on Transparent Blessings beyond the Binary offers a rich analysis of the groundbreaking series and its connections to contemporary queer trans and Jewish life

Ludicrous Edward Niedermeyer,2019-08-20 Tesla is the most exciting car company in a generation but can it live up to the hype Tesla Motors and CEO Elon Musk have become household names shaking up the staid auto industry by creating a set of innovative electric vehicles that have wowed the marketplace and defied conventional wisdom The company s market valuation now rivals that of long established automakers and to many industry observers Tesla is defining the future of the industry But behind the hype Tesla has some serious deficiencies that raise questions about its sky high valuation and even its ultimate survival Tesla s commitment to innovation has led it to reject the careful zero defects approach of other car manufacturers even as it struggles to mass produce cars reliably and with minimal defects While most car manufacturers struggle with the razor thin margins of mid priced sedans Tesla s strategy requires that the Model 3 finally bring it to profitability even as the high priced Roadster and Model S both lost money And Tesla s approach of continually focusing on the future even as commitments and deadlines are repeatedly missed may ultimately test the patience of all but its most devoted fans In Ludicrous journalist and auto industry analyst Edward Niedermeyer lays bare the disconnect between the popular perception of Tesla and the day to day realities of the company and the cars it produces Blending original reporting and never before published insider accounts with savvy industry analysis Niedermeyer tells the story of Tesla as it s never been told before with clear eyes objectivity and insight

Threads of globalization Melia Belli Bose, 2024-02-06 Threads of globalization is an interdisciplinary volume that brings fashion specific garments motifs materials and methods of production into dialogue with gender and identity in various cultures throughout Asia during the long twentieth century It examines how the shift from artisanal production to fast fashion over the past 150 years has devalued women s textile labour and how skilled textile garment makers and the organizations that support them are preserving and reviving heritage traditions It also offers examples of how socially engaged artists in Asia and the diaspora use their work to criticize labour and environmental abuses in the global fashion industry

Threads of labour Lisa Taylor, 2025-07-01 Charting a collaborative art based project using carpet making skills and the industrial heritage of the

region the book investigates how a cleaved ex industrial community used arts methodologies as a cohesion strategy Drawing on images from the company s archives the book mines the history of Firths Carpets Limited a firm that carpeted interiors across the globe from the mid 1800s Women s labour and tastes were business critical to the production and sale of Firths carpets Drawing on the author s personal connection to the village an ethnographic sensibility and novel research techniques ex worker responses to a village radically altered by ruination are explored Ex workers felt nostalgia for the dignity of work and a sense of homesickness in a village ghosted by industrial spectres of the past Threads of Labour argues that left behind deindustrialised places require acts of social re making if their communities are to survive **Essential Software**

study of the British Royal Navy's activities in the Indian Ocean during World War II led by Admiral Sir James Somerville The story of the British Eastern Fleet which operated in the Indian Ocean against Japan has rarely been told Although it was the largest fleet deployed by the Royal Navy prior to 1945 and played a vital part in the theatre it was sent to protect it has no place in the popular consciousness of the naval history of the Second World War So Charles Stephenson's deeply researched and absorbing narrative gives this forgotten fleet the recognition it deserves British pre war naval planning for the Far East is part of the story as is the disastrous loss of the battleship Prince of Wales and battlecruiser Repulse in 1941 but the body of the book focuses on the new fleet commanded by Admiral Sir James Somerville and its operations against the Japanese

navy and aircraft as well as Japanese and German submarines Later in the war once the fleet had been reinforced with an American aircraft carrier it was strong enough to take more aggressive actions against the Japanese and these are described in vivid detail Charles Stephenson's authoritative study should appeal to readers who have a special interest in the war with Japan in naval history more generally and Royal Navy in particular Praise for *The Eastern Fleet and the Indian Ocean 1942-1944* This meticulously researched outstandingly clear well written and absorbing account is long overdue and will most likely become a standard work The text is most helpfully supported by over 80 pages of detailed end notes referenced to each chapter and a detailed index This is not only a book for naval historians but also for anyone with an interest in the War in the Indian Ocean region Highly recommended Military Historical Society I enjoyed this book it gives us an account of an often neglected part of the war at sea and of the achievements of Admiral Somerville who kept his fleet intact in the face of a potentially overwhelming opponent then was willing to acknowledge that his fleet needed to improve massively before it could take on the Japanese Dr John Rickard author and webmaster of the Military History Encyclopedia on the Web
