Whitney Kelting, 2009-10-22 Although in Hinduism it is mainly used to refer to widow immolation the term sati means true woman a female hero Whitney Kelting has learned that in Jainism satis appear as subjects of devotional hymns This seems paradoxical given that Jain spirituality is to disengage oneself from worldly existence and Jain devotionism is usually directed toward those souls who have reached perfect detachment In fact however there is a vast corpus of popular texts many of them written by prominent scholar monks between the 16th and 18th centuries illustrating the distinctly worldly virtues of devoted Jain wives In this fieldwork based study Kelting explores the ways in which Jain women use sati narratives and rituals to

understand wifehood as a choice which these women's ongoing ritual practices continually shape. She focuses on eight well-known Jain sati narratives recorded in both formal ritual contexts and in informal retellings and also as read aloud from printed versions. She finds that one of the principal functions of Jain sati narratives is to contribute to a discourse of wifehood which addresses the concerns of Jain laywomen within the Jain value system and provides a fertile context in which Jain women can explore their questions of virtue and piety.

Multifamily Therapy Group for Young Adults with Anorexia Nervosa Mary Tantillo, Jennifer L. Sanftner McGraw, Daniel Le Grange, 2020-11-23 Multifamily Therapy Group for Young Adults with Anorexia Nervosa describes a new and innovative family-centered outpatient Multifamily Therapy Group (MFTG) approach called Reconnecting for Recovery (R4R) for young adults with anorexia nervosa that is based on a relational reframing of eating disorders. Developed in concert with young adults and their families and informed by clinical observations, theory, and research, R4R is designed to help young adults and family members learn the emotional and relational skills required to avoid or repair relationship ruptures for continued collaboration in recovery. The book begins with an overview of anorexia nervosa, MFTG treatment approaches, and the development of R4R and moves into a session-by-session review of R4R, including session goals, exercises, and handouts. Protocols, case vignettes, and other materials help translate the theory and research underlying this multifamily therapy group model into practice. This treatment manual provides readers with explicit guidance in how to develop and conduct an outpatient R4R MFTG and a deeper understanding of the nature, purposes, and processes that characterize one.
