Knaak, 2011-11-22 The epic fantasy series Legends of the Dragonrealm continues in this omnibus edition by New York Times bestselling author Richard A. Knaak including three bonus novellas in print for the first time. **TV Guide**, 2007 Virtual Intimacies Shaka McGlotten, 2013-12-01 Uses ethnography and cultural analysis to track scenes of intimate connection and disconnection among gay men across an array of media sites. Virtual Intimacies tells the stories of gay men including the author who navigate social worlds in which the boundaries between real and virtual have been thoroughly confounded. Shaka McGlotten analyzes intimate connection and disconnection across an array of media sites including mass mediated public sex scandals, online spaces, Do It Yourself porn, and smartphone apps in order to show the ordinary ways people challenge and rework sexuality and technology. The book frames virtual intimacy in terms of the mocking disapproval that looks at using technology to connect as something shameful or as a means of last resort. However, where many see a dead end, Virtual Intimacies argues on behalf of more extensive understandings of intimacy, thereby contributing to many feminist and queer approaches that seek to expand the scope of what counts as connection, belonging, or love. The author also highlights the creative and resilient ways that queer people build social worlds using spaces and technologies in ways they were not intended. This work is an original and finely crafted contribution from an important new voice. Incisively reading personal political longings and laying bare aspects of the author's own lifeworlds, here Shaka McGlotten offers a close and compelling auto-ethnographic account of what it is we look for when we log in, cruise, by remember, and look forward. Chronicling how we live lives of both virtuality and embodiment today, working, playing, desiring, losing, and dying, McGlotten's work is among the best of what is new in ethnographic writing. Jafari S. Allen, author of *Venceremos: The Erotics of Black Self-making in Cuba*. While the book deals with a diversity of topics from online games to black identity politics, cruising grounds, and avant-garde porn, it also weaves them together by means of a theoretical argument and a sound writer's voice. Katrien Jacobs, author of *People's Pornography: Sex and Surveillance on the Chinese Internet*. Virtual Intimacies is a great book, breathtaking in its aesthetic, ethnographic, and attuned attention to the multiple mediations of an affectively attached life. Bodies and play, desire and violence, outreach and evasion, intensity and diffusion: the contemporary world of virtual embodiment is all here, and as a teacher and individual parsing the world, I am so grateful to have read this. Lauren Berlant, author of *Cruel Optimism* and *Desire Love*. Social Exclusion, Power, and Video Game Play David G. Embrick, Talmadge J. Wright, Andras Lukacs, 2012-03-01 While many books and articles are emerging on the new area of game studies and the application of computer games to learning, therapeutic, military, and entertainment environments, few have attempted to contextualize the importance of virtual play within a broader social, cultural, and political environment.

that raises the question of the significance of work play power and inequalities in the modern world Studies tend to concentrate on the content of virtual games but few have questioned how power is produced or reproduced by publishers gamers or even social media how social exclusion based on race class or gender in the virtual environment is reproduced from the real world and how actors are able to use new media to transcend their fears anxieties prejudices and assumptions The articles presented by the contributors in this volume represent cutting edge research in the area of critical game play with the hope of drawing attention to the need for more studies that are both sociological and critical Virtually Sacred Robert M. Geraci, 2014-06-13 Robert Geraci argues that virtual worlds and video games have become a locus for the satisfaction of religious needs providing many users with communities a meaningful experience of history and human activity and a sense of transcendence **Black's Guide to Moffat and Its Vicinity**, 1902 **The Time Out Film Guide** John Pym, 1995
