Operation Pedro Pan Yvonne M. Conde,2023-10-03

Poignant stories from one of the world s largest political exoduses of children Praise for the first edition Compelling reading New Republic A collection of tearful testimonies woven with a tale of the event that unfolded in Cuba and led desperate parents to make the heart wrenching decision to send their children along to a foreign country Miami Herald Conde does an impressive job of reporting dozens of personal stories and fascinating vignettes A compilation of tales some moving many astonishing Chicago Tribune A well researched history of Operation Pedro Pan a portrait of early revolutionary Cuba and a compendium of testimony from the now grown children Publishers Weekly The book s primary value lies in the individual stories from tearful departure and arrival in Miami to temporary shelters and placement in homes or in some cases in orphanages to learning a new language and adjusting and in many cases assimilating to reunions with parents adolescence in the 60s and 70s and adulthood Booklist Conde does an excellent job of narrating the essential outline of the history of Operation Pedro Pan and an equally superb job of analyzing the circumstances that created this exodus from the viewpoint of those who felt compelled to create it and keep it going Operation Pedro Pan is as much a primary source as it is a work of history as much a window onto a mentality as it is a guide to events names and institutions Carlos M N Eire Hispanic American Historical Review Fascinating is the least one can say about this book It s the story of thousands of Cuban children who wouldn t grow up under communism and were sent by their parents to the never never land of America Some of them lived happily ever after because this version of Peter Pan is a tragedy with a happy ending sometimes Fidel Castro by the way plays a very credible Captain Hook Guillermo Cabrera Infante Cervantes Prize winning novelist On August 11 1961 at the age of ten Yvonne Conde left Cuba in one of the world s largest political exoduses of children in history Operation Pedro Pan Between 1960 and 1962 over 14 000 children were sent out of Cuba alone by desperate parents who feared for their children s future under Castro Unlike Peter Pan however these children continued to grow up even while separated from their families As the children arrived in temporary camps in Miami volunteers such as Father Bryan O Walsh helped them find new homes across the country Conde tracked down hundreds of these children to tell their diverse stories their uplifting poignant and sometimes tragic experiences in American foster homes and orphanages Because Conde herself was a Pedro Pan child others have opened up to her like never before to share their feelings about this painful time in their lives Today these

children and their families struggle to heal the emotional scars of their long separation In this edition with a new prologue Conde looks back on Operation Pedro Pan from the vantage point of six decades and brings readers up to date on events and discoveries since the groundbreaking first publication of this book in 1999 Writing with compassion and rare insight Conde uncovers the true tales of a little known episode of the Cold War **Streams of Civilization** Christian Libery Press,Garry J. Moes,1999-05-03 This world history text provides a comprehensive overview of modern history 1600s 2000 from a Christian perspective Each chapter includes a timeline listing of key terms recommended projects and comprehension questions It is beautifully illustrated and contains numerous high quality two color maps Grade 10 **Going Low** Finbarr Curtis,2022-07-05 Liberalism puts its trust in civil discourse and rational argument Today its opponents enthusiastically flout these norms making a show of defying so called political correctness In the Trump era and beyond right wing figures delight in sheer offensiveness What is at stake in breaking the rules of civility to own the libs Going Low examines how the offensive style of contemporary politics challenges liberal democratic institutions Considering the rise of illiberal politics and debates about the limits of free speech Finbarr Curtis draws on the insights of religious studies to rethink provocation and transgression He argues that the spectacle of brazenly violating taboos is a show of dominance over a supposedly censorious liberalism Profaning liberal pieties is the ultimate form of winning Curtis contends that deliberate offensiveness dovetails with the privatization of public goods both represent the refusal to accommodate the sensibilities of others in a diverse society Going Low offers a series of essays that recast recent controversies including Trump s reality TV presidency white evangelical complaints of liberal bigotry bakers who refuse to bake cakes for LGBTQ weddings and hostility toward the activism of athletes and college students Together these essays shed new light on contemporary political discourse and reveal why illiberalism has turned to profane politics for a profane age *Congressional Record* United States. Birdsall,2009 **Digging Up the Past Again** Liborio Altamore,2012 I have always been intrigued by the fact that most of the ancient people including very famous philosophers politicians army generals and even kings and emperors never doubted or questioned the existence of the gods Nowadays someone who admitted to believing in the gods would be considered stupid or absolutely crazy If we consider personalities such as Socrates Aristotle Epicurus or Alexander the Great to mention just a few as they all believed in many gods can they for this reason be classified as stupid or even crazy Man as the most intelligent creature on Earth has always been aware of an extraordinarily powerful being creator of the world God This awareness has inseminated in Man s mind the

religious feelings If there is only one God why have men believed in many gods Weren t the gods only myth Did the gods really exist On Earth existed also other beings superior to humans They claimed to own Heaven and Earth and to have created Man the gods If there is only one God why there are so many religions Is the God in which we firmly believe only one of the many gods of the ancient past Can it be proved that they really existed Have the gods been confused with the real God the Creator Could they have manipulated the genetic structure of mankind How could that have happened I want to find explanations that withstand intellectual scrutiny and clarify many arguments created by such issues I am presenting an alternative way in an effort to avoid the errors of the past Consider this book as a journey to the top of the highest mountain at the end you will be astounded by the extraordinary view New York Magazine ,1989-02-06 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea Side Effects: The Hidden Agenda of the Pharmaceutical Drug Cartel ,2008 *Grandpa's Words of Wisdom* Stephen L. DeFelice M.D.,2021-06-04 Old timer physician Stephen L DeFelice with no holds barred describes to his grandchildren Olivia and Stephen Carlos how they are rapidly crossing the bridge from the traditional world into the cold controlling world of technology As a result we are all surrendering our privacy and freedom to others while puzzlingly there are few effective leaders to guide and protect us This book analyzes what people and governments are really like the dark side of technology and such subjects as our educational system the media our hate epidemic the sexual revolution evolution and the anti God movements as well as ways to adjust to this new unsettling world of technology He coined an interesting term The Internet Democracy as a major cause behind the dynamics fueling our chaotic technological based cultural explosion Dr DeFelice was born of Italian immigrant parents in 1936 in a home without a television or telephone and has had firsthand the unique privilege of personally observing and analyzing the power of increasing technology and its impact on our changing cultural values over four generations an opportunity that future historians will not have In 1976 he founded FIM the Foundation for Innovation in Medicine whose mission is to accelerate medical discovery www.fimdefelice.org **Paranoid Sheep (What if)** Lord M.
