
ACKNOWLEDGMENTS

The Natural Resources Defense Council and the authors wish to acknowledge the generous support and encouragement given to the NRDG Nuclear Program's Nuclear War Plans Project by The William Bingham Foundation, the HRCF Foundation, The John D. and Catherine T. MacArthur Foundation, The John Moryl Fund, The Prospect Hall Foundation, the Pennington Fund, and the W. Alton Jones Foundation. We also wish to thank the 50,000 members of NRDG, without whom our work would not be possible.

Many individuals and institutions have assisted in the preparation of this report. The lead author, Matthew G. McKinnis, worked primarily on developing and integrating the software for the analysis of Major Attack Optical-Nuclear Forces (MAOANF). The most important computer software that we used was the Geographic Information System (GIS) program, ArcView, was generously provided to NRDG under a grant by the Environmental Systems Research Institute, Inc. (ESRI). The University of Florida Department of Urban and Regional Planning assisted in customizing the ArcView program to fit NRDG requirements. We are particularly indebted to Dr. Ben Bolten for his assistance in software programming and file management. Dr. J. Chris Landert assisted in this work, as did Professor John Alexander who provided management oversight as principal investigator under the contract with the University of Florida.

The extensive mapping and related databases were developed primarily by Thomas B. Cochran, with contributions by William M. Arkin, Joshua Horvitz, and Norman Z. Chertin. Robert S. Morris worked principally on the history and policy sections. An earlier NRDG report prepared by William M. Arkin and Hans Kromann, *The Post Cold War USCF and Nuclear Warfare Planning: A Changing Environment*, was an excellent primer.

The authors also greatly appreciate the continuing support and encouragement of the Board of Trustees and the rest of the Natural Resources Defense Council, including Frederick A.T. Schuman, Jr., Chairman of the Board, John H. Adams, President, Frances Beinaker, Executive Director, Christopher Paine, David Adelman and Gerard Jones of the Nuclear Program, Jack Murray and the Development staff, and Alan Moryl, and Communications staff. Emily Corcoran prepared the editing and production of the report meeting impossible deadlines. For the version that appears on NRDG's web site, we thank Rita Boyd and her staff.

ABOUT NRDG

NRDG is a national nonprofit environmental organization with over 50,000 members and contributions nationwide. Since 1970, NRDG's scientists, lawyers, and staff have been working to protect the world's natural resources and to improve the quality of the human environment. NRDG has offices in New York City, Washington, D.C., San Francisco, and Los Angeles.
