

Rocket Activity

Water Rocket Construction

Objective

Student teams will construct water rockets and successfully launch them.

Description

Using plastic soft drink bottles, cardboard or Styrofoam food trays, tape, and glue, small teams of students design and construct rockets. A simple assembly stand assists them in gluing fins on their rockets, and a nose cone is mounted on the top. A small lump of modeling clay is inserted into the nose cone to enhance the rocket's stability in flight. The

Vonnie Colvin,Nancy J. Egner Markos,Pamela J. Walker,2022-01-12 The early elementary years are a critical time for children to acquire physical skills While many books detail the motor skills children need to learn few focus on how to teach those skills That s where Teaching Fundamental Motor Skills Fourth Edition comes in This practical text formerly titled Teaching the Nuts and Bolts of Physical Education does just that because motor skills are the nuts and bolts of physical education We believe that instruction can be motivating and enjoyable says lead author Vonnie Colvin Although fun is not the goal of education it can be a very motivating by product When children are motivated and they receive sound instruction they focus more on learning Through Teaching Fundamental Motor Skills elementary physical educators will guide their students in mastering the critical elements of 8 locomotor and 17 manipulative skills The approach offers a perfect balance between sound pedagogy and fun activities that will engage your students and keep them learning Colvin says Value Packed Resource The text offers teachers a multitude of tools and ideas to foster student learning Sequenced illustrations of four to six critical elements necessary for the skill to be correctly performed Cue words to help students remember each critical element

Partner skill check assessments that help partners evaluate each other's progress
 Success builders to reinforce correct performance
 Activities for practicing the entire skill
 Troubleshooting charts to address problem areas and help students learn and improve
 Scripted lesson plans that guide teachers through the instruction sequence
 New Content This latest edition also includes new content and teaching aids
 Video clips of each skill performed at regular speed and in slow motion to show correct execution and to further enhance understanding
 Video clips showing one or more incorrect critical elements so PETE students and teachers can learn to detect errors and provide cues and corrections
 Sidebars on promoting social and emotional health within the skill lessons to foster student well being
 Sidebars on how to adapt lessons to meet the needs of children with different abilities
 These don't take the place of an adapted physical education book, individualized education program or 504 plan but they do help ensure all children can be included in the lesson
 Sidebars for at home modifications to help remote learners and homeschoolers with lists of typical home items that can be used in place of typical physical education equipment
 For example, a balled up pair of socks can become a ball and many plastic bags can combine to become a soccer ball
 Ancillaries On HK's delivery and learning platform HKPropel teachers can access the aforementioned video clips as well as reproducible forms, troubleshooting charts, illustrations of critical elements and animations of critical elements for the 17 manipulative and 8 locomotor skills
 Teaching Foundational Skills This new edition of Teaching Fundamental Motor Skills written by authors with a combined 140 years of teaching experience will help children learn fundamental motor skills that provide the foundation for acquiring future sports skills
 The skills covered in this book represent the fundamentals of building a successful physical education curriculum for children, says Colvin
 This book is a collection of teaching strategies and ideas that are kid tested and they have been very successful in our elementary schools
 Note: A code for accessing HKPropel is not included with this ebook but may be purchased separately
Teaching Fundamental Motor Skills 3rd Edition Colvin, A. Vonnie, Markos, Nancy, Walker, Pamela, 2016-02-15
 Teaching Fundamental Motor Skills Third Edition shows you how to teach essential motor skills
 The skills are aligned with the SHAPE America National Standards and Grade Level Outcomes
 Each skill is animated to aid learning and a web resource offers multiple materials to assist in your teaching
