Warriors Of Isis:

Warriors of Isis Jean Stewart, 1995-10-01 Fans of Return to Isis and Isis Rising will relish the third book in this memorable series. Whit, Kali, Lilith, and company return in another lusty tale of high adventure and passionate romance among the Freeland Warriors. The evil sorceress Arinna Sojourner has evaded capture and now threatens the very survival of the new colony of Isis. As Whit and Kali prepare to do battle with a seemingly unbeatable foe, Danu makes her own plans to avenge a beloved friend's death at Arinna's hands. Eventually high in the Cascade Mountains they will face Arinna's terrifying magical powers. Once again, Stewart weaves a rich tapestry of an all-women's society in the twenty-first century, bursting with life, lovers, villains, heroines, and a peril so great it forges a bond between all the diverse women of this unforgettable place called Isis. Originally published by Rising Tide Press, 1995.

Romance Fiction Kristin Ramsdell, 2012-03-02 A comprehensive guide that defines the literature and outlines the best-selling genre of all time: romance fiction. More than 2,000 romances are published annually, making it difficult for fans and librarians to keep pace with new titles, emerging authors, and constant evolution of this dynamic genre. Fortunately, romance expert and librarian Kristin Ramsdell provides a definitive guide to this fiction genre that serves as an indispensable resource for those interested in it, including fans searching for reading material as well as library staff, scholars, and romance writers themselves. This title updates the last edition of *Romance Fiction: A Guide to the Genre*, published in 1999. While the emphasis is on newer titles, many of the important older classics are retained, keeping the focus of the book on the entire genre instead of only those titles published during the last decade. Specific changes include new chapters on linked and continuing romances, a new section on Chick Lit in the Contemporary Romance chapter, an expansion of coverage on the alternative reality subset. This is THE romance genre guide to have.

Oryon M.K. Eidem, Lord Oryon and Lady Isis of House Rigel are returning home from a historic meeting of the Assembly of Lords. Their universe has drastically changed in the last weeks since they arrived on Tornian, and both are trying to adjust. For Oryon, he was amazed how his Isis had blossomed. The support and companionship of the Earth females had given her a confidence he had never realized she lacked. She now touched him as she said she had always wanted to. She rested with him every night and was demanding to take a more active role in their lives. For Isis, she couldn't believe the things Earth females considered normal things that she had never known were possible. Resting with a male. Going when and where they wanted to go and talking to whomever they wanted. Being involved in the running of their own House, and then there were the amazing things they had told her that males and females could do together during Joining. House Rigel is going to be turned upside down, and not everyone is going to be receptive to these changes.

The Islamic State Yonah Alexander, Dean Alexander, 2015-09-08 The so-called Islamic State (IS) that has swept into power in parts of Syria and Iraq presents an imminent danger to the global community with its capacity as an effective, ideologically motivated, and bloodthirsty fighting force coupled with its expanding territorial reach on the ground and online. The IS has taken on a quasi

state form that mixes modernity with ancient rites and aggressively promotes sectarian violence and religious extremism with a decidedly apocalyptic bent Too it has introduced to the Middle East a new level of extremism and brutality marked by volatile fluidity with far reaching dangerously destabilizing effects on state and non state actors regionally and globally This book offers insights into the nature of the IS and what the international community can do to combat it In order to achieve this objective the origins intentions leadership capabilities and operations of the IS are explored The Islamic State s multifaceted efforts and effects in the region and beyond are described Also national regional and global strategies that are being pursued to address the new threat are examined To this end a range of recommendations are offered on specific steps that governmental intergovernmental and non governmental bodies can take to counter the IS menace Lastly additional insights are presented relevant to combating the IS and undermining its potential future capabilities

The New Demagogues Joshua M. Roose, 2020-11-29 Chapter 4 of this book is freely available as a downloadable Open Access PDF under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license available at <http://www.taylorfrancis.com/books/e/9780429431197> Focused on the emergence of US President Donald Trump the United Kingdom s departure from the European Union and the recruitment of Islamic State foreign fighters from Western Muslim communities this book explores the ways in which the decay and corruption of key social institutions has created a vacuum of intellectual and moral guidance for working people and deprived them of hope and an upward social mobility long considered central to the social contract of Western liberal democracy Examining the exploitation of this vacuum of leadership and opportunity by new demagogues the author considers two important yet overlooked dimensions of this new populism the mobilization of both religion and masculinity By understanding religion as a dynamic social force that can be mobilized for purposes of social solidarity and by appreciating the sociological arguments that hyper masculinity is caused by social injury Roose considers how these key social factors have been particularly important in contributing to the emergence of the new demagogues and their followers Roose identifies the challenges that this poses for Western liberal democracy and argues that states must look beyond identity politics and exclusively rights based claims and instead consider classical conceptions of citizenship
