Yoga and Science in Pain Care Neil Pearson, Shelly Prosko, Marlysa Sullivan, 2019-08-21

This book takes an integrated approach to pain rehabilitation and combines pain science rehabilitation and yoga with evidence based approaches from respected contributors They demonstrate how to integrate the concepts philosophies and practices of yoga and pain science in working with people in pain An essential and often overlooked part of pain rehabilitation is listening to working with learning from and validating the person in pain's lived experience The book expounds on the movement to a more patient valued partnership based biopsychosocial spiritual model of healthcare where the patient is an active and empowered participant as opposed to a model where the healthcare provider is fixing the passive

patient It also explains how practitioners can address the entire human being in pain and how to include the person as an expert for more effective and self empowered care
