maternalist approach that distinguished women reformers from their male counterparts Women were more willing to use the state to deal with wayward children whereas men were more commonly involved as supporters of women reformers initiatives rather than being themselves the initiators of reform Firmly located in the context of recent scholarship on American women s history Mothers of All Children has broad implications for American women s political history and the history of the welfare state Receiving Erin's Children J. Matthew Gallman,2003-06-19 Between 1845 and 1855 2 million Irish men and women fled their famine ravaged homeland many to settle in large British and American cities that were already wrestling with a complex array of urban problems In this innovative work of comparative urban history Matthew Gallman looks at how two cities Philadelphia and Liverpool met the challenges raised by the influx of immigrants Gallman examines how citizens and policymakers in Philadelphia and Liverpool dealt with such issues as poverty disease poor sanitation crime sectarian conflict and juvenile delinquency By considering how two cities of comparable population and dimensions responded to similar challenges he sheds new light on familiar questions about distinctive national characteristics without resorting to claims of American exceptionalism In this critical era of urban development English and American cities often evolved in analogous ways Gallman notes But certain crucial differences in location material conditions governmental structures and voluntaristic traditions for example inspired varying approaches to urban problem solving on either side of the Atlantic **The Book of Hosea** J. Andrew Dearman,2010-08-03 Here J Andrew Dearman considers the historical context of the prophetic figure of Hosea his roots in the prophetic activity and covenant traditions of ancient Israel and the poetic and metaphorical aspects of the prophecy This historical and theological commentary is a welcome addition to the NICOT series Red Book ,1905 **The Child** ,1915 **The New International Year Book** ,1912 **When Good Kids Make Bad Choices** Elyse Fitzpatrick,James Newheiser,Laura Hendrickson,2005-03-01 There is perhaps no greater fear in a parent s heart than the thought that a much loved and well cared for child will make bad choices or even become a prodigal What are parents to do in such circumstances Authors Jim Newheiser and Elyse Fitzpatrick speak from years of personal experience as both parents and biblical counselors about how hurting parents can deal with the emotional trauma of when a child goes astray They offer concrete hope and encouragement along with positive steps parents can take even in the most negative situations Includes excellent advice from Dr Laura Hendrickson regarding medicines commonly prescribed to problem children and offers questions parents can ask pediatricians before using behavioral medications A heartfelt and practical guide for parents Publication ,1897 **The Philadelphia Medical Journal** George Milbry Gould,James Hendrie Lloyd,1899
