Challenges to the World Economy Rüdiger Pethig,Michael Rauscher,2012-12-06 This volume in a sense aims at reflecting the qualities of the honoree and it does so in two respects On the one hand it covers a great variety of subdisciplines of economics On the other hand the book ranges from theoretical and mathematical economics to hands on applied analyses of economic policy issues All essays are driven by the aspiration to better understand the economy and to draw relevant conclusions for economic policy The book is divided into five parts dealing with the German economy European economic issues global markets international trade theory and policy and natural resources and the environment

Contemporary Macroeconomics Vasilii Erokhin,Gao Tianming,Jean Vasile Andrei,2023-07-01 This book covers a lot of ground in contemporary macroeconomics from fundamental theories such as market structures and equilibrium to emerging concepts that reflect the most critical challenges of modern times including economic slowdowns the resilience of public

health systems digitalization environmental footprints and many more The COVID 19 outbreak has aggravated the recurrent problems of poverty and income inequality between countries food insecurity and hunger unemployment and social disorders that have resulted in the exacerbation of political economic and trade tensions between countries In view of the damaging consequences of the pandemic for the entire global economy the book examines how existing macroeconomic tools and policies could be adapted to the new normal to ensure sustainable post pandemic development and growth The main text is interspersed with real life illustrations and cases that demonstrate practical implications of the concepts under study This makes the reading relevant and active Every chapter starts with learning objectives and ends with a series of questions and quizzes that enable easier reinforcement of the course content This book is written mainly for students but it would be much useful to the broader public audience including postgraduates researchers and business people who will be able to learn all recent updates about macroeconomics and the post pandemic perspectives of the global economy

Macroeconomics

David Miles, Andrew Scott, Francis Breedon, 2012-04-09 Macroeconomics Understanding the Global Economy 3rd Edition is to help students and indeed anyone understand contemporary and past economic events that shape the world we live in and at a sophisticated level But it does so without focusing on mathematical techniques and models for their own sake Theory is taken seriously so much so that the authors go to pains to understand the key aspects of theories in a way that will not put people off before they see how theories are useful to analyse issues The authors believe that theories are essential to better understand the world thus the book includes a wealth of historic and current episodes and data to both see how theories can help interpret the world and also to judge their validity Economies today are very inter connected what happens in China matters pretty much everywhere and what happens in one even small country in the euro zone has implications for the whole euro area and beyond consequently Macroeconomics 3rd Edition adopts a very international focus
