Promoting Great Reads to Improve Teen Reading Lucy Schall,2015-02-12 Support current educational initiatives with a ready to use tool that will help you with selection motivation and skill building relative to titles published within the last five years New demands by Common Core and other national and state standards mean teachers and librarians need support in pairing high interest content with skill building that speaks to those standards This hands on research based resource will help Covering 100 titles it guides you to topics themes values and activities that meet national and state standards The book s organization by genres topics and themes will enable librarians to serve customers with specific requests and help teachers build thematic units Focusing on recent young adult fiction and nonfiction 2010 2014 the guide offers a succinct plot summary links to popular themes and genres indication of reading levels and an engaging booktalk for each title It also includes guidelines for further promoting each book and extending knowledge through discussion The author a former middle and high school teacher demonstrates how you can foster close reading through paraphrasing comparison and response and explains how to strengthen critical thinking among teens Lists of related titles and notes on gender appeal can be used for readers advisory

Reading Children's Literature: A Critical Introduction - Second Edition Carrie Hintz,Eric L. Tribunella,2019-03-28 Reading Children s Literature offers insights into the major discussions and debates currently animating the field of children s literature Informed by recent scholarship and interest in cultural studies and critical theory it is a compact core text that introduces students to the historical contexts genres and issues of children s literature A beautifully designed and illustrated supplement to individual literary works assigned it also provides apparatus that makes it a complete resource for working with children s literature during and after the course The second edition includes a new chapter on children s literature and popular culture including film television and merchandising and has been updated throughout to reflect recent scholarship and new offerings in children s media

Thinking and Learning through Children's Literature Miriam G. Martinez,Junko Yokota,Charles Temple,2017-04-18 Much

of teachers attention these days is focused on having students read closely to ferret out the author s intended meaning and the devices used to convey that meaning But we cannot forget to guide students to have moving engagements with literature because they need to make strong personal connections to books of merit if they are to become the next generation of readers literate people with awareness of and concern for the diversity of human beings around them and in different times and places Fortunately guiding both students personal engagement with literature and their close reading to appreciate the author s message and craft are not incompatible goals This book enthusiastically and intelligently addresses both imperatives first surveying what is gained when students are immersed in literature then celebrating and explicating the main features of literature students need to understand to broaden their tastes and deepen their engagement at the same time they meet external standards then presenting a host of active methods for exploring all major genres of children s books and finally presenting suggestions for interdisciplinary teaching units grounded in literature Created by noted leaders in the fields of children s literature and literacy the book is enlivened by recurring features such as suggested reading lists issues for discussion links to technology and annotations of exemplary books *Vibrant Learning* Debra K. Wellman,Cathy Y. Kim,Lynn Columba,Alden J. Moe,2018-07-27 Grounded in research Vibrant Learning focuses on language rich literacy based collaborative classrooms as the foundation for transforming content area learning The authors emphasize three areas 1 strategies to support student understanding of concepts 2 ideas to encourage student engagement and 3 creating a lively and respectful classroom environment to foster an integrative approach to learning Knowledgeable teachers with a repertoire of effective instructional strategies make genuine learning possible With that in mind this book presents a solid theoretical background and a set of practical tools in each of its chapters ranging from assessment compression vocabulary motivation to integration for the content area teacher Reading and Responding Denise Ryan,2014-01-01 Introduce students to literary texts to help them become active and enthusiastic readers From alphabet books to poetry chapter books to read alouds this teacher friendly resource is a must have Literacy and Learning in the Content Areas Sharon Kane,2018-09-19 The Fourth Edition of Literacy and Learning in the Content Areas Enhancing Knowledge in the Disciplines provides readers with the knowledge motivation tools and confidence for integrating literacy in their disciplinary classrooms Offering an original literature based approach to teaching disciplinary literacy the new edition shares important ways in which teachers of courses in the disciplines can enhance student learning of subject matter and skills while also fostering their growth in the many facets of literacy Throughout each chapter Kane provides engaging and creative strategies and activities to make literacy come alive in discipline specific courses and to encourage students to explore and learn in the classroom Embedded in each chapter are examples resources and strategies to help readers actively engage with and implement literacy practices These features include Teaching in Action examples by subject area Activating Prior Knowledge activities to stimulate critical thinking to prepare readers to learn complex theoretical and conceptual material about teaching learning and literacy and

end of chapter Application Activities to apply field experiences to classroom use New to the Fourth Edition Every chapter of this new edition is updated to reflect the current approaches standards and benchmarks for discipline specific literacy Enhanced Companion Website with BookTalks to introduce relevant books in many genres and subjects encouraging readers to explore the books for themselves and providing a model for BookTalks in their own classrooms Expanded practical instructional strategies for teaching literacy in math science and social studies Updated to include newly published titles in children s literature young adult literature and nonfiction

Does Nonfiction Equate Truth? Vivian Yenika-Agbaw, Laura Anne Hudock, Ruth McKoy Lowery, 2018-03-15 Educators who teach children s literature at the college level as part of the pre service experience seldom allocate enough space in the curriculum for nonfiction literature This book recognizes the viability of nonfiction as a literary genre that demands critical analysis celebrates storytelling in its varied forms and invites teacher educators and pre service teachers our primary audience to nurture a spirit of inquiry and skepticism in the classroom It is an excellent resource for teacher educators looking for a variety of nonfiction texts to include in their literacy curriculum at both the undergraduate and graduate levels It also offers critical approaches through which students are encouraged to read these texts and ideas for critical inquiry with young learners

Common Core Curriculum: World History, Grades 3-5 Great Minds, 2014-03-10 Comprehensive Common Core curriculum for World History Grades 3 5 The Alexandria Plan is Common Core s curriculum tool for the teaching of United States and World History It is a strategic framework for identifying and using high quality informational texts and narrative nonfiction to meet the expectations of the Common Core State Standards CCSS for English Language Arts ELA while also sharing essential historical knowledge drawn from the very best state history and civics standards from around the country The curriculum is presented in this four volume series Common Core Curriculum United States History Grades K 2 Common Core Curriculum World History Grades K 2 Common Core Curriculum United States History Grades 3 5 and Common Core Curriculum World History Grades 3 5 Features of each book include Learning Expectations which articulate the key ideas events facts and figures to be understood by students in a particular grade span Suggested anchor texts for each topic In depth text studies comprised of text dependent questions student responses and assessments based on a featured anchor text Select additional resources Concise Era Summaries that orient both teachers and students to the historical background The curriculum helps teachers pose questions about texts covering a wide range of topics This volume Common Core Curriculum World History Grades 3 5 introduces upper elementary students to 18 key eras in world history from the discovery of fire to modern globalization through stories that they will treasure forever

Revision Decisions Jeff Anderson, Deborah Dean, 2023-10-10 Revision is often a confusing and difficult process for students but it s also the most important part of the writing process If students leave our classrooms not knowing how to move a piece of writing forward we ve failed them Revision Decisions Talking Through Sentences and Beyond will help teachers develop the skills students need in an ever evolving writing language and reading world Jeff Anderson and Deborah

Dean have written a book that engages writers in the tinkering playing and thinking that are essential to clarify and elevate writing Focusing on sentences the authors use mentor texts to show the myriad possibilities that exist for revision Essential to their process is the concept of classroom talk Readers will be shown how revision lessons can be discussed in a generative way and how each student can benefit from talking through the revision process as a group Revision Decisions focuses on developing both the writing and the writer The easy to follow lessons make clear and accessible the rigorous thinking and the challenging process of making writing work Narratives setup lessons templates and details about how to move students toward independence round out this essential book Additionally the authors weave the language reading and writing goals of the Common Core and other standards into an integrated and connected practice The noted language arts teacher James Britton once said that good writing floats on a sea of talk Revision Decisions supports those genuine conversations we naturally have as readers and writers leading the way to the essential goal of making meaning

Best STEM Resources for NextGen Scientists Jennifer L. Hopwood, 2015-06-30 Intended to support the national initiative to strengthen learning in areas of science technology engineering and mathematics this book helps librarians who work with youth in school and public libraries to build better collections and more effectively use these collections through readers advisory and programming A versatile and multi faceted guide Best STEM Resources for NextGen Scientists The Essential Selection and User s Guide serves as a readers advisory and collection development resource for youth services and school librarians seeking to bring STEM related titles into their collections and introduce teachers and young readers to them This book not only guides readers to hundreds of the best STEM related titles fiction and non fiction printed materials as well as apps DVDs websites and games it also includes related activities or programming ideas to help promote the use of the collection to patrons or students in storytime afterschool programs or passive library programs After a detailed discussion of the importance of STEM and the opportunities librarians have for involvement the book lists and describes best STEM resources for young learners Resources are organized according to the reading audiences for which they are intended from toddlers through teens and the book includes annotated lists of both fiction and nonfiction STEM titles as well as graphic novels digital products and online resources In addition the author offers a selection of professional readings for librarians and media specialists who wish to further expand their knowledge

The Common Core Approach to Building Literacy in Boys Liz Knowles, Martha Smith, 2014-05-27 Written with a focus on the English Language Arts Common Core Standards this book provides a complete plan for developing a literacy program that focuses on boys pre K through grade 12 Despite the fact that reading and literacy among boys has been an area of concern for years this issue remains unresolved today Additionally the emphasis and focus have changed due to the implementation of the English Language Arts Common Core Standards How can educators best encourage male students to read and what new technologies and techniques can serve this objective The Common Core Approach to Building Literacy in Boys is an essential resource and reference for teachers librarians and

parents seeking to encourage reading in boys from preschool to 12th grade Providing a wide array of useful up to date information that emphasizes the English Language Arts Common Core Standards the bibliographies and descriptions of effective strategies in this book will enable you to boost reading interest and performance in boys The chapters cover 16 different topics of interest to boys all accompanied by a complete bibliography for each subject area discussion questions writing connections and annotated new and classic nonfiction titles Information on specific magazines annotated professional titles books made into film websites and apps that will help you get boys interested in reading is also included

In Defense of Read-Aloud Steven Layne, 2023-10-10 As accountability measures for schools and teachers continue to grow instructional practice is under the microscope The practice of reading aloud to children may be viewed by some educators as an extra bit of fluff used solely for the purposes of enjoyment or filling a few spare minutes but researchers and practitioners stand in solidarity the practice of reading aloud throughout the grades is not only viable but also best practice In Defense of Read Aloud Sustaining Best Practices author Steven Layne reinforces readers confidence to continue the practice of reading aloud and presents the research base to defend the practice in grades K12 Layne also offers significant practical insights to strengthen instructional practice answering the questions of Why should we and How should we and provides practical advice about how to use read alouds most effectively Leading researchers in the field of literacy provide position statements authors of professional books share insights on books they have loved leaders of the largest literacy organizations in the United States write about their favorite read alouds award winning authors of children s and young adult book Katherine Paterson Andrew Clements Lois Lowry to name a few share the powerful behind the scenes stories of their greatest books and real classroom teachers and librarians speak about books

that have lit up their classrooms and libraries around the world Last but not least In Defense of Read Aloud features many great recommendations of books to share with children Read aloud is an essential practice in teaching literacy in grades K 12 In this book Steven Layne has provided everything needed to support sustain and celebrate the power of read aloud **The Day the World Went Nuclear** Bill O'Reilly, 2017-06-20 Adapted from Bill O'Reilly's historical thriller Killing the Rising Sun with characteristically gripping storytelling this story explores the decision to use the atom bomb and the end of World War II in the Pacific **Diving Deep Into Nonfiction, Grades 6-12** Jeffrey D. Wilhelm, Michael W. Smith, 2016-09-30 General reading strategies and teacher developed questions will only take our students so far with our approach students gain astounding independence because they engage directly with the nonfiction author and with how that author used specific details moves and structures to communicate meanings and effects Wilhelm and Smith All nonfiction is a conversation between the writer and the reader an invitation to agree or disagree with compelling and often provocative ideas about some aspect of the world we live in At the end of the day it's our responsibility to decide if the argument is sound With Diving Deep Into Nonfiction Jeffrey D Wilhelm and Michael W Smith deliver a revolutionary teaching framework that helps students read well by noticing the rules and conventions of this dynamic exchange The classroom tested lessons include engaging short excerpts and teach students to be powerful readers who know both how authors signal what's worth noticing in a text and how readers connect and make meaning of what they have noticed No matter what they are reading students learn to be on high alert and highly curious about how texts work and what they mean as they learn to notice direct statements of principle calls to attention ruptures and readers rules of notice Notice the topics and the textual conversation Who is speaking and how might he or she be responding to another's ideas What is the idea that gives heat to this text Notice key details What attracts my attention How does the author signal both direct and implicit statements of meaning How does the author use the unexpected How can I interpret patterns of key details to see overall meanings Notice varied nonfiction genres What are the essential features of this kind of text How does the author employ them What effects are they designed to have on the reader Notice text structure How does the author structure the text to connect details and ideas What patterns of thought does the author use along the way With Diving Deep Into Nonfiction Wilhelm and Smith upend current practices and it's high time Once your students engage with these lessons you'll never go back to the same old tired approach and reading across content areas enters a whole new era **Literacy in the Disciplines** Thomas DeVere Wolsey, Diane Lapp, 2024-07-30 This successful guide now in a revised and expanded second edition gives teachers effective strategies to support adolescents development of relevant literacy skills in specific disciplines Demonstrating why disciplinary literacies matter the authors discuss ways to teach close reading of complex texts discipline specific argumentation communication and writing skills academic vocabulary and more The book draws on revealing interviews with content area experts and professionals in history science mathematics literature the arts and physical education Teacher friendly tools include 21 reproducible forms

that also can be downloaded and printed Try It On practice activities lesson plans chapter anticipation guides and links to recommended online teaching videos New to This Edition Chapter on assessment Chapter on disciplinary literacies beyond school in civic professional and personal life Expanded coverage of math more attention to evidence and sources used in different disciplines new and updated expert interviews and advice on how both teachers and students can use AI tools productively Anticipation guides that invite reflection on key questions before during and after reading most chapters
