The Study Guide is made up of 115 questions divided into 23 individual quizzes of 5-10 questions each that correspond to chapters in the Textbook. Questions are followed by an Answer Guide that references relevant text including the page number in the Textbook to allow quick access to needed information. Each answer is accompanied by a discussion that not only addresses the correct response but also explains why other responses are not correct. The Study Guide is a companion to The American Psychiatric Publishing Textbook of Forensic Psychiatry.
