Under My Heart The Promise Volume 2:

The American Promise, Volume II: Since 1865 James L. Roark, Michael P. Johnson, Patricia Cline Cohen, Sarah Stage, Susan M. Hartmann, 2012-01-09 The American Promise is more teachable and memorable than any other U S survey text. The balanced narrative braids together political and social history so that students can discern overarching trends as well as individual stories. The voices of hundreds of Americans from Presidents to pipe fitters and sharecroppers to suffragettes animate the past and make concepts memorable. The past comes alive for students through dynamic special features and a stunning and distinctive visual program. Over 775 contemporaneous illustrations more than any competing text draw students into the text and more than 180 full color maps increase students' geographic literacy. A rich array of special features complements the narrative, offering more points of departure for assignments and discussion. Longstanding favorites include Documenting the American Promise, Historical Questions, The Promise of Technology, and Beyond American Borders, representing a key part of our effort to increase attention paid to the global context of American history. **The American Promise, Volume 2** James L. Roark, Michael P. Johnson, Francois Furstenberg, Sarah Stage, Sarah Igo, 2019-09-25 The American Promise has long been a course favorite for its readability, clear chronology, and the voices of Americans that animate the book. Now with new co-authors, the eighth edition continues to deliver a strong narrative with political backbone and offers a new pedagogical design that reinforces that history is a discipline rooted in debate and inquiry. The American Promise has primary sources in each chapter, a full color map and art program, and comprehensive supplement options including LaunchPad and a free companion sourcebook. Available for free when packaged with the print book, the popular digital assignment and assessment options for this text bring skill building and assessment to a more highly effective level. The greatest active learning options come in LaunchPad, which combines an accessible e-book with LearningCurve, an adaptive and automatically graded learning tool that when assigned helps ensure students read the book, the complete companion reader with comparative questions that help students build arguments from those sources, and many other study and assessment tools. For instructors who want the easiest and most affordable way to ensure students come to class prepared, Achieve Read Practice pairs LearningCurve adaptive quizzing and our mobile accessible Value Edition e-book in one easy-to-use product. **Tales of My Time, Vol. II** William Pitt Scargill, 2020-08-13 Reproduction of the original Tales of My Time Vol II by William Pitt Scargill. **SEAL's Promise** Sharon Hamilton, 2017-12-05 SEAL's Promise: Bad Boys of SEAL Team 3 Book 1. The Covenants of Promise Thomas E. McComiskey, 2019-11-11 This fresh assessment of covenant theology may represent the first book-length examination of the structural relationships of the Old Testament covenants. Tremper Longman, a professor of Old Testament at Westminster Theological Seminary, describes The Covenants of Promise as a marvelously written and profound book which deals with some of the most crucial issues in biblical theology. The significance of The Covenants of Promise, writes the author, is in its application of the structure of the covenants to biblical theology. The

division of the Old Testament covenants into the categories promissory and administrative is unique in the literature on the covenants This complex bi covenantal structure within which God disposes of the inheritance promised to his people becomes discernible in the biblical text through a sound application of proper exegetical theology The textual evidence leads one to question the way some tenets of traditional covenant theology have been expressed but not the tenets themselves The author first explores the promise in its Old and New Testament settings He deals with the way in which the promise is expressed in the major covenants devoting considerable space to the law in the teachings of Jesus and Paul Next he argues that the promise covenant is eternally valid and that circumcision the law and the new covenant are administrative covenants Finally he examines the implications of this structure for biblical theology Selected topics are the redemptive relationship between Father and Son the covenant of works law and grace and the relationship between the testaments
