Understanding Evil And Ethics Through Kabbalah:

Understanding Evil and Ethics Through Kabbalah Jay Frederick McCrensky, Ph.d., Dr Jay Frederick McCrensky Ph D, 2014-10-23 Kabbalah offers an insightful and spiritual basis for dealing with evil to guide ethical choices and for repentance How can one believe in God and feel God's presence after the evil of terrorism ethnic cleansing and the Holocaust This is the core philosophical theological and spiritual question addressed in *Understanding Evil and Ethics* The book serves as an accessible and clear introduction to Kabbalah explores kabbalistic insight from Genesis and presents a foundation for contemporary spirituality and ethics **Monotheism & Ethics** Y. Tzvi Langermann, 2011-11-11 Fourteen essays by leading scholars from around the world explore the theological philosophical and historical connections between the three Abrahamic faiths and ethics Timely reading for students of religion philosophy and ethics *Ethics* Harry Waton, 1941 *Ethical Monotheism* Ehud Benor, 2017-12-15 The term Ethical Monotheism is an important marker in Judaism's tumultuous transition into the modern era The term emerged in the context of culture wars concerning the question of whether or not Jews could or should become emancipated citizens of modern European states It appeared in arguments whether or not Judaism could be considered a Religion of Reason a symbolic motivational representation of a universal morality and in debates about whether or not Judaism could or should reform itself into a Religion of Reason This book is both a decisive departure from such discussions and an attempt to add a further post modern statement to their ongoing development As departure it refuses to take for granted a philosophical conception of Religion of Reason as the standard for Ethical Monotheism according to which Judaism was to be evaluated or reformed As continuation the book undertakes a phenomenology of Jewish modes of ethical religiosity that allows it to inquire what kind of ethical monotheism Judaism might be Through sophisticated analysis of select snapshots or fragments of a hologram guided by a robust theory of religion the author discloses Judaic ethical monotheism as an ongoing wrestling with the meaning of justice By closely examining five main snapshots of this long process the Bible rabbinic Judaism Maimonides The Zohar and the modern philosophers Buber and Levinas the author offers his own constructive philosophy of Judaism and his own distinctive philosophy of religion Ethical Monotheism offers a new way to think about Judaism as a religion and as a coherent philosophical debate and demonstrates the need to integrate philosophy history cognitive psychology anthropology theology and history of science in the study of religion **The Scandal of a Divine Messiah** Brian J. Crawford, 2024-12-30 In this groundbreaking book Brian J Crawford navigates the complex intellectual landscape that has traditionally separated Jews and Christians His focus is on a scandalous claim God became a man as Jesus of Nazareth Since the Middle Ages Jewish philosophers have said such an idea is impossible and absurd and Jewish mystics have said the idea is redundant for all things are inhabited by divine sparks By critically examining the philosophical underpinnings of the Maimonidean and Kabbalistic thought that has shaped Jewish theology Crawford constructs a compelling case for the incarnation that is

grounded in the Hebrew Scriptures consistent with history informed by science and illuminated by philosophical inquiry Included within is a deep interaction with Maimonides s Guide to the Perplexed the Jewish mystical tradition historical Christian orthodoxy and Messianic Jewish theology This landmark study promises to reinvigorate Jewish Christian discourse on the nature of God the Jewishness of the Trinity and the incarnation and the role of philosophy in Judaism and Christianity
