Enough, So What's the Problem? Richard W. Garrett, 2017-12-06 There is a national crisis in education and it's not the highly debated philosophical discussions or heated political arguments we are used to hearing. Survey data establishes the fact that classrooms throughout the nation suffer from the presence of a small percentage of misbehaving students. Teachers are ill equipped to deal with these disruptive students resulting in lost classroom time and demoralized educators who are perpetually blamed for the student's bad performance. The root cause of these misbehaving children is not a lack of intellectual ability but a lack of character and grit, the important noncognitive skills required for success in life. *The Kids are Smart Enough* is a book of hope with surprisingly practical solutions revealed by listening to teachers learning from data and looking for the root cause. This book will help you to discover how struggling students can be reached and teachers encouraged.

The Routledge Handbook of Disability in Southern Africa Tsitsi Chataika, 2018-07-27 This comprehensive ground breaking southern African centred collection spans the breadth of disability research and practice. Reputable and emerging scholars together with disability advocates adopt a critical and interdisciplinary stance to prove challenge and shift commonly held social understanding of disability in traditional discourses, frontiers and practices in prominent areas such as international development, disability studies, education, culture, health, religion, gender, sports, tourism, ICT, theatre, media, housing and legislation. This handbook provides a body of interdisciplinary analyses suitable for the development of disability studies in southern Africa. Through drawing upon and introducing resources from several disciplines, theoretical perspectives and personal narratives from disability activists, it reflects on disability and sustainable development in southern Africa. It also addresses a clear need to bring together interdisciplinary perspectives and narratives on disability and sustainable development in ways that do not undermine disability politics advanced by disabled people across the world. The handbook further acknowledges and builds upon the huge body of literature that understands the social, cultural, educational, psychological, economic, historical and political facets of the exclusion of disabled people. The handbook covers the following broad themes: Disability inclusion, ICT and sustainable development, Access to education from early childhood development up to higher education, Disability employment, entrepreneurship and community based rehabilitation, Religion, gender and parenthood, Tourism, sports and accessibility. Compelling narratives from disability activists on societal attitudes toward disability, media advocacy, accessible housing and social exclusion. Thus, this much awaited handbook provides students, academics, practitioners, development partners, policy makers and activists with an authoritative framework for critical thinking and debates that inform policy and practice in incomparable ways with the view to promoting inclusive and sustainable development.

Entrepreneurship Education and Pedagogy in Central and Eastern European Countries Katarzyna Żymkowska, Katarzyna Ożańska-Ponikwia, 2023-10-20 This insightful edited collection brings new insights and a novel approach to entrepreneurship education by situating findings within the Central and Eastern European CEE countries, exploring pedagogies associated with both academic and professional entrepreneurship to further the field. Drawing on
